ePN

BRIDGE THE GAP

WHO IS ePN?

eRecording Partners Network (ePN) is based in Minneapolis and bridges the gap between submitters and counties across the nation. With one of the fastest growing networks in the industry, and with already existing connections to hundreds of counties nationwide, the gap between submitters and counties can be bridged through ePN!

WHAT IS ERECORDING?

eRecording is the secure process of electronically submitting documents to a county for recording. By eliminating the need to physically mail or deliver documents in person, the cost, security, efficiency and gap time is greatly improved.

WHY START ERECORDING?

- Have documents instantly submitted to the courthouse for recording
- Have rejected documents instantly returned
- Have documents returned in electronic format thereby not having to rescan recorded documents
- No more mailing costs
- Less accounting work
- Faster turnaround times for your customers and lenders
- Higher office efficiency
- More secure than physical documents

WHY CHOOSE ePN?

- No setup, per location, or annual fees!
- ePN handles all the payments to the county for the recording fees – no more rejections for incorrect fees!
- Integration and customization for your office software.
- ePN has one of the fastest growing county networks in the nation!
- Documents can be submitted from any location via the internet.
- ePN has one of the best technical support teams in the industry

I'M INTERESTED! HOW DO I START?

Just contact ePN at 888-325-3365 or sales@erecordingpartners.net to start eRecording today!
