## Volleyball Rules Amendment 2018

1. There will be a visible (portable scoreboard) that will sit at each game site which will keep the official time of the game. The clock will be started at the initiation of the first serve and will run continuously the remainder of the game. It will begin at 40 minutes. Score will be kept in the same manner that it has been.

2. You will be allowed 1 timeout per game with the only possible exception being game 3. Once the official game clock reaches 5 minutes left.....there will be no timeouts awarded. So, just to be clear, from the 5 minute mark until the final buzzer....no timeouts will be awarded.

3. Concerning 'in game' calls made by officials.....we do not want these calls being debated and argued by players. This takes away from the enjoyment for everyone. If player complaints about calls becomes a problem.....the official will give one 'official' warning.....the next time, if involving the same player.....that player can be removed from the game and ask to leave the gym.
