03/12/2024	95505	2520 TALMADGE DR, ROCKINGHAM	Fire Alarm System	Fire - LIBERTY FIRE SOLUTIONS INC / Applicant - LIBERTY FIRE SOLUTIONS INC	SZ HARRISONBURG COTTAGES LLC		LFS will provide the Installation, Programming, and Testing of the listed items on this proposal. (1) Clubhouse Building will be a 1 for 1 for all devices except notification devices that will be reused. (2) Buildings 2520, 2521, 2500, 2550, 2428, 2408, 2398, 2389, 2374, 2219 will each have their own Fire Panel to monitor the sprinkler system in addition to a code required smoke detector above the panel and a customer requested temperature sensor to send a signal to the customer if the sprinkler room temperature drops below 40 degrees. (3) Cabling to front lobby Annunciator/Receiver is required and there will be several access holes cut in the drywall. These will be required. to be repaired by customer. An alternative is for wire mold to be installed to minimize the number of access holes needed. (4) Dedicated 120vac power will need to be provided by customer to each panel in addition to a second form of communication for the on board dialer of each panel. (5) Each system has an onboard cellular dialer that can accept an Ethernet connection for a second form of communication. (6) Removal of existing systems repeaters and modules will be customers responsibility and will be required to be done while techs are onsite replacing each system. (7) Each Building will have its own separate monitoring account per code. Total Accounts will be (11).
