				Estimated Cost:			
				Description			
				Route 682 over Pleasant Run in Rockingham County Permit #20-4042			
				This is a permit for a single span timber deck bridge replacement with a longer wider concrete structure as well as associated pipe replacement and pipe extension. Class II rip rap is proposed around the abutments and class AI rip rap is proposed at the pipe outlets. The FEMA map shows that the project falls within a mapped zone AE. The Design Hydraulic Study indicates that a detailed study was performed. The results of the study indicated no change in the 100 year flood elevation upstream of the project area. The hydraulics study is available upon request. The locality will be provided with a copy of the JPA for their use.
