On motion of B. P. Sale, by unanimous vote of the Board, it was "Resolved, That the Board of Supervisors decline to make an appropriation for the Bond of Jonas A. Sowenbach, and conclude to be governed by its course in the matter.

The Committee appointed on the 4th of December, 1871, at a meeting of the Board of Supervisors, to examine the condition of the Poor-house, farm, &c., submitted the following report.

"At the annual Meeting of the Board of Supervisors for the County of Rockingham, held at Harrisonburg, on 4th day of December, 1871, the undersigned were appointed a Committee to visit the Poor-house of Rockingham County, and report to the next meeting of the Board to be held at Harrisonburg, on the 2nd of January, 1872, the condition of the Paupers, Poor-house, Farm, Stock - and also, the indicated track of the Rail Road, soon to be put under contract from Harrisonburg to Staunton, Augusta county.

The Committee according to appointment, but owing to the extreme cold weather, did not inspect the premises as closely as was advisable.

The Farm, as far as we could judge from the frozen condition of the soil, seemed to be in good condition, forage properly taken care of - fencing in good repair, and a good supply of Wood on hand for use of paupers.

The Rail Road as staked off, will run across the Eastern part of the farm, from North to South. The Committee is of opinion, that before the Board of Supervisors grants the right of way as asked for by the Valley Rail Road Company, it is very necessary that two pass-ways sufficiently wide for Stock to pass to and from Water, and a Wagon way to the Wood land should be secured from the Company.

The Committee earnestly recommend to the Board of Supervisors the importance of using all lawful means to secure a road, leading from the Gate on the West side of the Poor-house, where you enter the farm direct to the Valley Pike, believing that a road from the points indicated, would be a great convenience, as well as add to the value of the County Property. The question of damages to land owners through whose lands the road would pass, could be settled hereafter.

The Stock of horses, cattle, hogs and sheep, were all in a good condition, but the committee is of opinion that the value of the Cattle, hogs and Sheep necessary to be Kept on the farm, would be greatly increased by a judicious expenditure of money sufficient to buy a few improved animals of each as they were needed. The number of Stock as reported by Superintendent Mason, were, 4 work horses, 1 Spring colt - of Cattle, 9 Milch Cows, 9 two-years old and 12 calves, making in all 30 head - of Sheep, 14, of Hogs 40. For the value, as estimated by Mr. Mason, also, the No. of bushels of grain of all Kinds, the amount of Pork butchered, the hay and other forage on hand, farming implements and value thereof, you are respectfully referred to his annual report.

There is nothing in the opinion of Mr. Mason to spare for market from the farm, except 15 tons of Hay.

From the foregoing Statement it will be observed that there is due to us on account of fee $135.26 It must be borne in mind that the labor performed by us was Enormous extending through several years, occupying a large portion and at times absorbing our time and attention. We instituted and Conducted Eleven Suits at Law & in Chancery, were vigorously fought by nearly every member of the bar representing the Sureties of Sterling and the interests of the State. the latter having a lien by statute on all of Sterlings property, and at the time of the recovery of the bonds every thing in Sterlings affairs was in the utmost Confusion and insolvency, he was dissipating the property & funds of the County and but for the activity of the County's representatives in pressing Sterling for a settlement and in the prosecution of the Suits on all hands the County would not have received anything like the amount it did. Considering the fact too that we were forbidden by the Board of Supervisors at the inception almost of our work to hold the County primarily liable for our fee but must receive the same from the recovery we were to make, and if not made then no demand to be made upon the County we regard the fee we have charged as exceedingly moderate under all the Circumstances, and respectfully

ask that the balance due us may be paid.

I have just seen this acct and while I approve it in case it is accepted as a Compromise and adjustment of the matter between the Board of Supervisors and ourselves. I do not mean to waive any right (legal) to claim the fullest recovery on account of our services to which we may be entitled
